business bank account only. Description Author Grammar The word “Bank” is not generally considered synonymous with “financial”. A bank, in a literal sense, is simply a place where you deposit and withdraw money. The term “bank account” was coined during the 19th century, and means a specific sort of bank account. The bank account in question is the sort of

account for which the term “bank” is generally understood to mean. However, from our present point of view, it was a different sort of account that the creators of the term had in mind. A bank is generally a place where money is deposited, held, lent out, and withdrawn, and in many cases there is a big building with a nice office where a person works standing at a large

According to the US, media outlets show a clear favoritism toward Trump. According to the FPIF (Fair Political Practices in Fundraising Organizations), five media outlets are responsible for

90% of network TV's coverage during election years. They are ABC, CBS, NBC, Fox News Channel and CNN - The five biggest broadcast networks. This list does not include PBS. The media still has not done a good job explaining why Donald Trump is unfit to be president of the US. This is because there is no good evidence to explain it. But at least here are the
